## Polin partners with AWM

AMERICAN Wave Machines (AWM), a leader in 'out-of-ocean' surfing, has formed a strategic alliance with Polin Waterparks of Turkey.

Under the terms of the new agreement, Polin has become an exclusive global distributor for AWM in the burgeoning waterpark market. With surfing such an aspirational sport, this new partnership provides Polin the ability to design surf parks within their waterparks, opening up this coveted surfing demographic to their clients.

"This partnership gives Polin the ability to offer clients either single surfing systems or full blown surf park designs within their waterparks," said Kubilay Alpdogan, director of sales and design at Polin. "It's a great complement to the suite of Polin slides and water systems and provides a turnkey solution with the best technology in the market."
