New general manager for Futuraform

A.Cüneyt Sayın has been appointed general manager of Futuraform Composites and Advertising Products, part of the Polin Waterparks group. A.Cüneyt graduated from the Department of Mechanical Engineering of Yıldız Technical University in 1992 and received his MBA degree from Doğus University in 2000.

Having embarked upon his professional career at Bayraktarlar / STEA Farba in 1993 as a production engineer, Cüneyt worked as an industrial design and product development specialist at Pressan from 1995-1996. He then worked in the production, R&D and export departments at Beldeyama for 11 years. before taking on senior management roles in the park and landscaping sectors. "With the addition of Sayın to our team, we are now poised for the challenges of expanding our offerings and services," said a spokesperson.
