

Aqua Candy

ONE OF THE LARGEST
THEMED WATER PLAY STRUCTURES
IN THE WORLD!

Polin's AquaCandy themed multi-level water play structure is designed for an optimal water play experience.

When guests enter the play structure, they enter a whole new world full eye-catching colors, tasty treats, and endless possibilities for fun.

Candyland Waterpark, Vougu Hotel, **Bodrum, Turkey**

Reaching more than 17 meters (55 feet) high, this multilevel structure has a candy theme and features 10 waterslides, 150 interactive features including 9 waterfall jets, 19 water guns, 2 huge softwater buckets, and 10 tippy buckets. This massive attraction is one of the largest water playgrounds in the world.

Included in the extensive offering of interactive features are multiple types of waterslides, valves, water cannons, and many other attractions which are perfectly designed together to enable the guests of all ages to interact and play. This inclusive structure has something for every member of the family.

Whether guests enter this candy land world or wade in the surrounding pool while being splashed and soaked happily by the huge softwater buckets, they're guaranteed to have an unforgettable experience.
